NOTES:  
 Custom facility code, card numbering/ID range and laser etched artwork printing available at no added cost.  
 1326R Clamshell cards come vertically punched. 1346R fobs include reinforced brass eyelets. Slot punching not available for 1386R and 1314R cards.  
 1. Facility Code – range from 0 to 255, default is 0.  
 2. Printing – date code and ID range printing. "No Preference" typically results in the quickest lead time.  
 3. Laser Etched Artwork – a URL, short sentence or small logo may be etched on most credentials. Send artwork with completed order form or reference your "custom credential number" above if using the same artwork sent to RCI on a previous order. Artwork requirements: one color .ai or .eps file. Output will be gray.

AWID is a trademark of Applied Wireless Identifications Group. HID is a registered trademark of HID Global Corporation, an ASSA ABLOY company. All other trademarks are the property of their respective owners. RCI reserves the right to change specifications without notice.
